

*PEX5L*

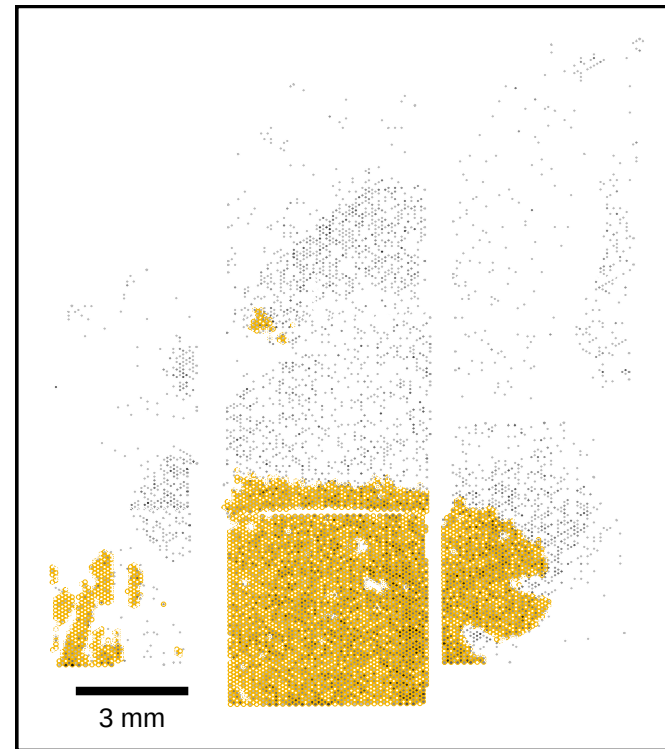

logcounts

A horizontal color scale bar for PEX5L expression, ranging from 0 (white) to 2 (black). The scale is marked with 0, 1, and 2.

*LAMP5*

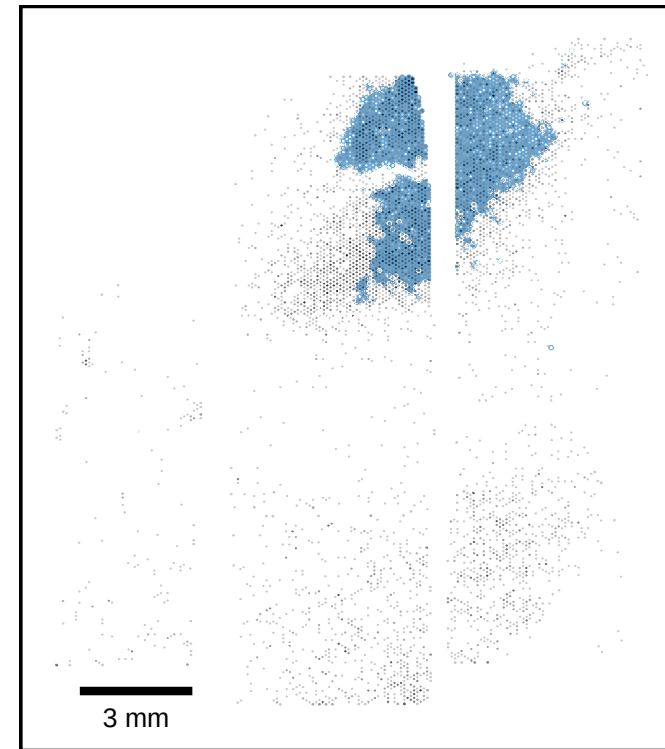

logcounts

A horizontal color scale bar for LAMP5 expression, ranging from 0 (white) to 3 (black). The scale is marked with 0, 1, 2, and 3.

*CYP26B1*

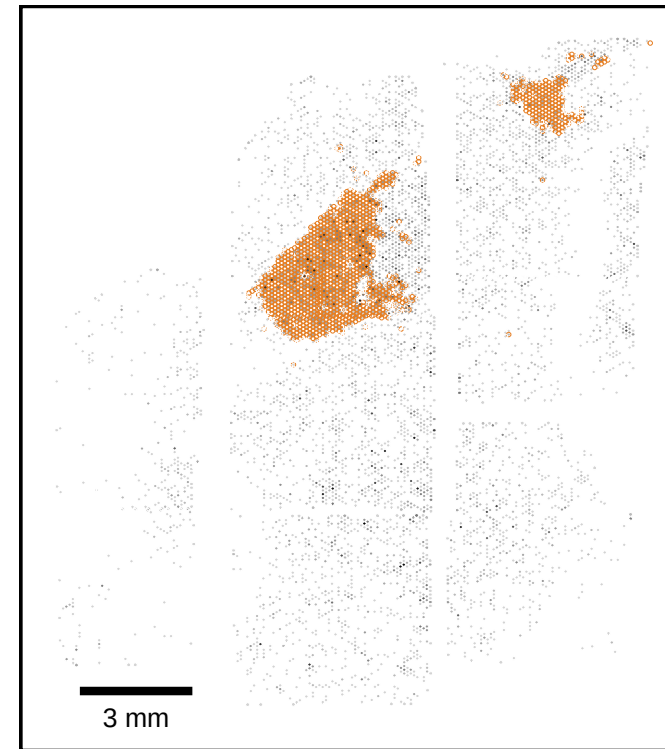

logcounts

A horizontal color scale bar for CYP26B1 expression, ranging from 0 (white) to 2 (black). The scale is marked with 0, 1, and 2.

*PDYN*

logcounts

A horizontal color scale bar for PDYN expression, ranging from 0 (white) to 3 (black). The scale is marked with 0, 1, 2, and 3.

*CNR1*

logcounts

A horizontal color scale bar for CNR1 expression, ranging from 0 (white) to 4 (black). The scale is marked with 0, 1, 2, 3, and 4.
